

## Prices of transport to and from Timisoara to Varfurile camp.

These figures are for CpC personnel, if it is at all possible for us to transport you, depending on the day of arrival and the availability of one of us. If you arrive on the last day of camp or leave on the last day of camp, or arrive or leave on the first day of camp, then it is almost impossible for us to have someone free.

Harry was always available for this, but with his homegoing, this problem of transport has arisen and hope that everyone understands. We will always do our best to accommodate.

Sometimes we have had brothers in the church willing to transport visitors.
