

**Copii pentru Cristos**  
**CASA HARRY**

**Policy for Casa Harry.**

We would like your co-operation with regard to the under mentioned, as very often children in Christian Homes have received much more than children in poor homes.  
So we would value your help and co-operation for the children in Casa Harry.

We believe in treating all the children in Casa Harry equally. So for the benefit of all, we feel it would be advisable to inform all leaders, and also all visitors who visit the Camp, and also who would visit the children in Casa Harry to conform to this.

We would be very grateful if any gifts, either of clothing or other items which you may want to give to the children, that they may be given to Vio or Wilma, so that they can distribute them proportionally.

As you can appreciate, it would not be helpful if one child was singled out and received a gift and another would not. Those who would not receive such attention, would naturally wonder why.

The children have faced enough rejection in their short lives and it would be unkind to add another one.

We would also ask if you could please try and give attention to all the children.

To respect the **Time table of the children when visiting**, as the children's day is structured to meet their needs. Meals, washing, education, sleep time, etc.
